

BISHOP
GROSSETESTE
UNIVERSITY

Register of Collaborative Provision 2017 - 2018

Bishops Grosseteste University have a range of partnerships these can be defined as follows:

<p>Validated – A process by which a degree-awarding body judges a module or programme developed and delivered by another organisation and approves it as being of an appropriate standard and quality to contribute, or lead, to one of its awards. Students normally have a direct contractual relationship with the delivery organisation.</p>
<p>Franchise - A process by which a degree-awarding body agrees to authorise a delivery organisation to deliver (and sometimes assess) part or all of one (or more) of its own approved programmes. Often, the degree-awarding body retains direct responsibility for the programme content, the teaching and assessment strategy, the assessment regime and the quality assurance. Students normally have a direct contractual relationship with the degree-awarding body.</p>
<p>Joint Award - An arrangement under which two or more awarding bodies together provide a programme leading to a single award made jointly by both, or all, participants. A single certificate or document (signed by the competent authorities) attests to the successful completion of this jointly delivered programme, replacing the separate institutional or national qualifications.</p>
<p>School Direct – The partner will secure student numbers (through NCTL) and will work with the University for the school-based PGCE Programme. The partner will be responsible for the delivery of BGU recommended QTS assessment practices and professional practice elements of PGCE provision. Students are enrolled with BGU.</p>
<p>SCITT – School Centred Initial Teacher Training represents a type of collaborative provision. SCITTs are approved by NCTL and are inspected by Ofsted. The SCITT undertake delivery and recommendation of QTS and professional practice. Where the intention is for the students to exit with an academic award, BGU will deliver and assess the academic elements of the PGCE. Students are enrolled with BGU.</p>
<p>Articulation Agreement - A process whereby all students who satisfy academic criteria on one programme are automatically entitled (on academic grounds) to be admitted with advanced standing to a subsequent stage of a programme of a degree-awarding body. These arrangements, which are subject to formal agreements between the parties, normally involve credit accumulation and transfer, so that credit achieved for the approved study at the first provider is transferred to contribute to the programme and award completed at the second (the degree-awarding body). The two separate components are the responsibility of the respective organisations delivering them but, together, contribute to a single award (of the degree-awarding body). Students normally have a contractual relationship with the organisation which delivers the first component and subsequently with the degree-awarding body.</p>
